Students will explore and learn through hands on learning activities with themes such as Dinosaurs and the Rainforest. We learn a letter of the week and each student creates their own ABC book and weekly writing journals to build up our fine motor skills which is so important for writing skills. There is also a powerful sense of community in the classroom as we engage in circle time daily along with class jobs. Come join the fun and we can explore together!

The Adventurers are 4- and 5-year-olds at the time of entrance to school. Students will learn through hands on activities in themes such as Space and Careers. This class can focus more in depth on all preschool concepts due to having five days of learning and fun each week. Let's join the adventure of preschool together!

ENRICHMENT PROGRAM (AGES 3-6)

Enrichment is an optional afternoon add-on for students ages three through six that continues learning and fun. Students enjoy a hot lunch daily.
